

23 April 2024

To All Branch Service Officers

Please consider posting this attachment in your branch as it refers to a Research project to help identify the impact on the caregiver of looking after a Veteran. The impact of this research may ultimately make some significant changes to DVA caregiver supports for those who help our Veterans so much. Perhaps it could be included in your monthly report, branch newsletter or as an agenda item under Correspondence in your Branch meeting.

Thank you for all you do.

# Understanding the Experiences and Needs of Care Partners of Older Veterans

**Are you a care partner to an Older Veteran?  
If yes, we want to hear from you!**

Complete a 40-minute online survey where you will be asked questions regarding your carer role and how it has impacted your health

This survey will be an opportunity for you to:

1. Share your experience of being a care partner for a Veteran.
2. Share your own needs as a Carer.
3. Recognize your role as a Carer.

# Comprendre les expériences et les besoins des proches aidants de vétérans âgés

**Êtes-vous le proche aidant d'un vétéran âgé?  
Si oui, nous voulons vous entendre!**

Complétez un questionnaire en ligne d'une durée de 40 minutes dans lequel vous allez être questionné sur votre rôle de proche aidant et comment celui-ci a des impacts sur votre santé.

Ce questionnaire est une opportunité pour vous de :

1. Partager votre expérience en tant que proche aidant.
2. Partager vos besoins en tant que proche aidant.
3. Reconnaître votre rôle en tant que proche aidant.
